<p>Message from the Chaplain Good manners make a huge difference! For something that is completely free they are actually priceless! Having good manners includes both what we say and how we say it as well as what we do and how we do it. Good manners show respect and help our interactions in every area of life run smoothly. It has been said that good manners are a series of little sacrifices; putting other people first. In society this can be seen as weakness. Sometimes bad manners and anger are portrayed as a strength to get someone’s own way. We all know that putting others first is takes a huge amount of strength. Others have said that good manners often involves putting up with other peoples’ bad manners. Polite speech and kind acts (even in the face of disrespect) are one way to show our kindness and love for others. Jesus himself showed not just a series of little sacrifices but a whole lifetime of putting others first. Christians believe that Jesus even gave his life for our sin and calls us to live a life of sacrifice. Christians believe that Jesus rose from the grave and showed that he had the power to overcome sin and death. The fact that Jesus would do that for mankind is what Christians look to for strength and motivation to love even enemies.</p>	<p>Discussion points What does ‘Good manners’ mean? Why are they important? Why are they challenging? Where do they come from?</p>
